EXPLANATORY STATEMENT

This Explanatory Statement has been prepared for the information of the Shareholders of the Company in connection with the business to be conducted at the Annual General Meeting to be held at Celtic Club 48 Ord Street, West Perth, Western Australia on 28 May 2007 at 10.00 am (WST).

This purpose of this Explanatory Statement is to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

1. FINANCIAL STATEMENTS AND DIRECTORS' REPORTS

In accordance with the Company's Constitution, the business of the meeting will include receipt and consideration of the Company's Financial Report and reports of Directors and Auditors for the year ended 30 June 2005.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

The Remuneration Report is set out in the Directors' Report in the Company's 2006 Annual Report. The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Meeting.

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders.

However, Shareholders should note that the vote on this resolution is advisory only and does not bind the Directors or the Company.

3. RESOLUTION 2 – RE-ELECTION OF DIRECTOR – MR CLAUDE GUERRE

Article 12.2 of the Articles of Association of the Company requires that if the Company has three or more Directors, one third of those Directors must retire at each annual general meeting.

The Company currently has three Directors and accordingly one must retire.

Article 12.3 of the Articles of Association provides that a Director who retires under Article 12.2 is eligible for re-election.

Mr Guerre will retire by rotation and seeks re-election.

Mr B. Fehlberg retires and does not seek re-election.

4. RESOLUTION 3 – APPOINTMENT OF AUDITOR

Following a merger on 2 April 2007 BDO's audit practice is now carried on through BDO Kendalls Audit & Assurance (WA) Pty Ltd. Accordingly, pursuant to section 329 (5) of the Corporations Act, BDO has applied to ASIC for consent to resign as auditor of the Company, with effect from the date of the AGM. Subject to ASIC consenting to the resignation and BDO submitting a resignation to the Company, it is proposed that the Company appoint BDO Kendalls Audit & Assurance (WA) Pty Ltd as auditor of the Company. Pursuant to section 328B (1) of the Corporations Act, a member of the Company has nominated BDO Kendalls Audit & Assurance (WA) Pty Ltd to be the Company's auditor. A copy of the nomination letter is attached to this Notice as Annexure A.

5. RESOLUTION 4 – ADOPTION OF INCENTIVE OPTION SCHEME

Resolution 4 seeks the approval of Shareholders for the adoption of the "Strategic Minerals Corporation NL Incentive Option Scheme" (**Scheme**). Resolution 4 is placed before Shareholders in accordance with Exception 9 of Listing Rule 7.2. If Resolution 4 is passed, the Company will be able to issue options under the Scheme without impacting on the Company's ability to issue up to 15% of its total ordinary securities without shareholder approval in any 12 month period.

Shareholders should note that no options have previously been issued under this Scheme and the objective of the Scheme is to attract, motivate and retain key employees.

It is considered by the Directors that the adoption of the Scheme and the future grant of options under the Scheme will provide selected employees with the opportunity to participate in the future growth of the Company.

A summary of the terms and conditions of the Scheme is set out below:

Introduction

The Scheme is designed to provide eligible participants with an ownership interest in the Company and to provide additional incentives for eligible participants to increase profitability and returns to Shareholders.

The summary of the Scheme is set out below for the information of potential investors in the Company. The detailed terms and conditions of the Scheme may be obtained free of charge by contacting the Company.

General

The Board may from time to time, in its absolute discretion, offer to grant options to eligible participants under the Scheme.

Each option will be issued for no consideration and will carry the right in favour of the option holder to subscribe for one (1) Share in the capital of the Company.

The Board may determine the exercise price of the options in its absolute discretion. Subject to the Listing Rules, the exercise price may be nil but to the

extent the Listing Rules specify or require a minimum price, the exercise price in respect of an offer made following the day on which Shares are first quoted on the Official List must not be less than any minimum price specified in the Listing Rules.

Eligible Participants

Full time employees, part time employees, Directors and consultants of the Company or an associated body corporate (the **Group**) are eligible to participate in the Scheme.

Lapse of Options

Unless the Board in its absolute discretion determines otherwise, options shall lapse immediately if:

- (a) the eligible participant ceases to be an employee or director of, or to render services to, a member of the Group for any reason whatsoever and the conditions of exercise of the options (**Exercise Conditions**) have not been met;
- (b) the Exercise Conditions of the options are unable to be met;
- (c) the date which is 2 years after the date of the grant of the options, or such other expiry date as the Board determines in its discretion at the time of grant of the option (**Lapsing Date**) has passed; or
- (d) the expiry of 60 days after the eligible participant ceases to be an employee or director of, or to render services to, a member of the Group for any reason whatsoever prior to the Lapsing Date where the Exercise Conditions have been met,

whichever is earlier.

Participation in Future Issues

There are no participating rights or entitlements inherent in the options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the options. However, the Company will ensure that for the purposes of determining entitlements to any such issue, the record date will be at least 7 business days after the issue is announced. This will give option holders the opportunity to exercise their options prior to the date for determining entitlements to participate in any such issue.

If the Company makes a pro rata issue of securities (except a bonus issue) to the holders of Shares (other than an issue in lieu or in satisfaction of dividends or by way of dividend reinvestment) the exercise price of the options shall be reduced in accordance with the formula in the Listing Rules.

In the event of a bonus issue of Shares being made pro-rata to Shareholders (other than an issue in lieu of dividends), the number of Shares issued on exercise of each option will include the number of bonus Shares that would have been issued if the option had been exercised prior to the record date for the bonus issue. No adjustment will be made to the exercise price per Share of the option.

Reorganisation

The terms upon which options will be granted will not prevent them being reorganised as required by the Listing Rules on the reorganisation of the capital of the Company.

Trigger Events

Upon the occurrence of certain trigger events (for example the receipt by the Company of a bidder's statement in respect of the Company), the Directors may determine:

- (a) that the options may be exercised at any time from the date of such determination, and in any number until the date determined by the Directors acting bona fide so as to permit the holder to participate in any change of control arising from a trigger event, provided that the Directors will forthwith advise in writing each holder of such determination. Thereafter, the options shall lapse to the extent they have not been exercised; or
- (b) to use their reasonable endeavours to procure that an offer is made to holders of options on like terms (having regard to the nature and value of the options) to the terms proposed under the trigger event in which case the Directors shall determine an appropriate period during which the holder may elect to accept the offer and, if the holder has not so elected at the end of that period, the options shall immediately become exercisable and if not exercised within 10 days, shall lapse.

6. RESOLUTIONS 5 – GRANT OF OPTIONS TO DIRECTOR

The Company seeks approval for the grant of:

- i. 2,500,000 options exercisable at \$0.20 each on or before 30 June 2010 to Mr Roland Bartsch;

on the terms and conditions set out in Annexure B to this Explanatory Statement (together, the **Director Options**).

The approval is sought for the purposes of:

- (a) Chapter 2E of the Corporations Act 2001, which governs the giving of financial benefits to directors and other "related parties" of a company; and
- ii. Listing Rule 10.11 which provides that, subject to certain exceptions, a company listed on ASX cannot issue or grant securities to a director without shareholder approval.

The Board considers that in view of the financial, legal and other responsibilities assumed by directors of public companies, the payment of monetary fees alone is not an adequate reward and does not provide an adequate incentive to enable the Company to attract and keep board members and executive directors of the requisite level of experience and qualifications. The Board considers that equity participation by way of the grant of options to members of the Board of the Company is appropriate for these purposes. In addition, the

Board considers that the issuing of options will contribute to the preservation of the Company's cash reserves.

The purpose of the grant of the Director Options is to provide an incentive to the Directors to continue to be dedicated and committed to the Company and to maximize their efforts to the benefit of Shareholders generally.

6.1 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act regulates the provision of financial benefits to related parties by a public company. Section 208 of the Corporations Act prohibits a public company giving a financial benefit to a related party unless one of a number of exceptions applies.

A "financial benefit" is defined in the Corporations Act in broad terms and includes a public company issuing securities.

For the purpose of this meeting, a "related party" includes:

- (a) a director of the Company;
- (b) an entity over which a director has control; and
- (c) an entity which believes, or has reasonable grounds to believe, that it is likely to become a related party in the future.

For the purposes of Chapter 2E of the Corporations Act, Mr Bartsch is related parties of the Company by virtue of the fact that they are directors of the Company.

Section 208 of the Corporations Act provides that for a public company to give a financial benefit to a related party of that company, the public company must:

- (a) obtain the approval of members in the way set out in Sections 217 to 227; and
- (b) give the benefit within 15 months after the approval.

For the avoidance of doubt, the Company is seeking shareholder approval for the purposes of Chapter 2E of the Corporations Act in respect of the Director Options proposed to be issued to Mr Bartsch (or nominees).

The following information is provided to satisfy the requirements of Section 219 of the Corporations Act:

- (a) the proposed financial benefit to be given to the related parties (or their nominees) is the grant of 2,500,000 Director Options. In determining the number of options to be issued and their terms, consideration was given to the relevant experience and role of each of the Directors, their respective overall remuneration terms, the current market price of Shares and the terms of options packages granted to the directors of other companies within the oil and gas industry;
- (b) Mr Bartsch declines to make a recommendation to Shareholders in relation to Resolution 5 due to his material personal interest in the outcome of the relevant Resolution. The independent Directors (with respect to Resolutions that they do not have a material personal interest

in) recommend that Shareholders vote in favour of Resolution 5 as they are of the view that the issue of options to the Director is an appropriate form of remuneration to provide him with an incentive to maximise returns to Shareholders. The Directors are not aware of any other information that would be reasonably required by Shareholders to allow them to make a decision whether it is in the best interests of the Company to pass the Resolution;

- (c) as at the date of this Notice, the annual remuneration (inclusive of superannuation where applicable) payable to the Director is set out below:

Person	Remuneration
Mr Bartsch	\$102,276

- (d) during the previous financial year, the remuneration (inclusive of superannuation where applicable) paid to the Director is set out below:

Person	Remuneration
Mr Bartsch	\$141,464

- (e) as at the date of this Notice, the Director has notifiable interests in the securities of the Company as set out below:

Person	Shares	Options
Mr Bartsch	281,690	Nil

- (f) other than as set out above, the Director receives no other emoluments from the Company;

- (g) the Director Options will be granted for no consideration and otherwise on the terms and conditions set out in Annexure B to this Explanatory Statement;

- (h) if Shareholders approve the grant of Director Options to Mr Bartsch and all or any of the Director Options are exercised, the effect will be to dilute the shareholding of existing Shareholders. Subject to any adjustments arising from any rights issues or bonus issues of securities by the Company, 2,500,000 Shares will be allotted and issued upon exercise of the Director Options with the effect that the shareholding of the existing Shareholders will be diluted by approximately 1.05% (based on the number of Shares currently on issue and assuming no other options are exercised). If all the Director Options were to be exercised then the Company however would have received \$500,000 in cash. The market price for Shares during the term of the Director Options would normally determine whether or not Mr Bartsch exercise the Director Options. If at any time any of the Director Options are exercised and the Shares are trading on ASX at a price which is higher than the exercise price of the Director Options, then there may be a perceived cost to the Company.

In the 12 months before the date of this Notice, the highest, lowest and last trading price of Shares on ASX are as set out below:

Highest	20 cents on 28 April 2006 and 5 May 2006
Lowest	11.5 cents on 2 April 2007
Last	\$0.14 on 16 April 2007

- (i) the value of the Director Options and the option pricing methodology is set out below;
- (j) the primary purpose of the grant of the Director Options is to provide an incentive to Mr Bartsch to provide dedicated and ongoing commitment and effort to the Company. Given this purpose, the remaining Directors do not consider that there are any opportunity costs to the Company of benefits forgone by the Company in granting the Director Options upon the terms proposed; and
- (k) in determining the number of Director Options to be issued and their terms, consideration was given to the relevant experience and role of Mr Bartsch, his respective overall remuneration terms (which the Company believes are modest in comparison to the level of service provided), the current market price of Shares and the terms of options packages granted to directors of other companies within the resource industry.

6.2 Details concerning value of Director Options

The Director Options proposed to be issued are not listed on ASX and as such have no market value.

The Director Options have been valued by Stanton Partners Corporate Pty Ltd using the Black & Scholes pricing model, based on the following assumptions:

- (a) the exercise price of the Director Options is 20 cents each;
- (b) the expiry date of the Director Options is 30 June 2010;
- (c) the market price of a Share is 14.0 cents (being the last sale price of Shares on ASX before performing the calculation);
- (d) the risk free interest rate is approximately 6.15% (being the Treasury bonds rate);
- (e) the valuation date for the Director Options is 16 April 2007, although the Director Options will not be granted until the Company has approved the grant of the Director Options. This is expected to occur in late May or early June 2007;
- (f) the valuations ascribed to the Director Options may not necessarily represent the market price of the Director Options at the date of the valuations;
- (g) Volatility factor has been set at 70%. Since early April 2006, the shares in the Company have traded in the 11.5 cent to the 20 cent range for a volatility of approximately 74%. However the share for the period January 2007 to 16 April 2007 traded between 11.5 cents and 17.5 cents

for a volatility of 52%. The share price moves depending mainly upon announcements made by SMC on its Woolgar uranium project. Taking into account the last three months trades, the share price at 16 April 2007, past highs, the length of the Options and general prospectivity relating to small cap mineral exploration companies on ASX, a fair volatility factor of 70% is considered reasonable.

- (h) the valuations incorporate a 25% discount to reflect the fact that the Director Options are not listed.

Accordingly, the total value of the Director Options (assuming a volatility of 70%) to be granted to the Director is as follows:

Person	Value for one option	Value
Mr Bartsch	4.35 cents	\$108,750

6.3 ASX Listing Rule 10.11

ASX Listing Rule 10.11 requires a listed company to obtain shareholder approval by ordinary resolution prior to the issue of securities (including an option) to a related party. Mr Bartsch is considered a related party of the Company by virtue of the fact that he is a Director of the Company.

Approval pursuant to Listing Rule 7.1 is not required in order to grant the Director Options as approval is being obtained under ASX Listing Rule 10.11. The grant of the Director Options will not be included in the 15% calculation for the purposes of ASX Listing Rule 7.1.

6.4 Technical Information Required by ASX Listing Rule 10.13

ASX Listing Rule 10.13 sets out a number of matters which must be included in a notice of meeting proposing an approval under ASX Listing Rule 10.11. The following information is provided to Shareholders for the purposes of Listing Rule 10.13:

- (a) the maximum number of Director Options to be granted is 2,500,000 and the allottee will be Mr Bartsch;
- (b) the Director Options will be issued no later than one (1) month from the date of approval of the Resolutions (or such later date as approved by ASX) and it is anticipated that the Director Options will be issued on one date;
- (c) the terms and conditions of the Director Options are set out in Annexure B to this Explanatory Statement;
- (d) the Director Options will be granted free as consideration for performance of work, both previously and into the future, by Mr Bartsch for the Company and to secure the ongoing commitment of Mr Bartsch to the continued growth of the Company; and

Instructions for Completing 'Appointment of Proxy' Form

1. A member entitled to attend and vote at a Meeting is entitled to appoint not more than two proxies to attend and vote on their behalf. Where more than one proxy is appointed, such proxy must be allocated a proportion of the member's voting rights. If the shareholder appoints two proxies and the appointment does not specify this proportion, each proxy may exercise half the votes.
2. A duly appointed proxy need not be a member of the Company. In the case of joint holders, all must sign.
3. Corporate shareholders should comply with the execution requirements set out on the proxy form or otherwise with the provisions of Section 127 of the Corporations Act. Section 127 of the Corporations Act provides that a company may execute a document without using its common seal if the document is signed by:
 - directors of the company;
 - a director and a company secretary of the company; or
 - for a proprietary company that has a sole director who is also the sole company secretary – that director.

For the Company to rely on the assumptions set out in Section 129(5) and (6) of the Corporations Act, a document must appear to have been executed in accordance with Section 127(1) or (2). This effectively means that the status of the persons signing the document or witnessing the affixing of the seal must be set out and conform to the requirements of Section 127(1) or (2) as applicable. In particular, a person who witnesses the affixing of a common seal and who is the sole director and sole company secretary of the company must state that next to his or her signature.

4. Completion of a proxy form will not prevent individual shareholders from attending the meeting in person if they wish. Where a shareholder completes and lodges a valid proxy form and attends the meeting in person, then the proxy's authority to speak and vote for that shareholder is suspended while the shareholder is present at the meeting
5. Where a proxy form or form of appointment of corporate representative is lodged and is executed under power of attorney, the power of attorney must be lodged in like manner as this proxy.
6. To vote by proxy, please complete and sign the proxy form enclosed:
 - (a) send the proxy form by post to Strategic Minerals Corporation NL, PO Box 66 Floreat Forum WA 6014; or
 - (b) by facsimile to the Company on facsimile number (08) 9388 8511,

so that it is received not later than 10.00 am (WST) on 26 May 2007.

Proxy forms received later than this time will be invalid.
